DEAN'S MESSAGE

The days and weeks in pharmacy school seem to pass so slowly . . . A cycle of lecture and labs, rotations and assignments. Will examinations never end? Will summer never come? And then it is over. The ceremony of honors convocation, the pageantry of commencement, and all the celebratory gatherings and parties and dinners are over in a flash. All too soon we realize that the time spent in school was brief indeed.

Members of the class of 1993 are embarking on careers that will embrace the first third of the twenty-first century. Pharmacy will continue to have much to offer to health care and to patients who need drug therapy. Pharmacy will have much to offer to you — the realization that you contribute directly, every day — to the health and perhaps the very lives of those you treat.

But changes will also occur. Pharmacy in the year 2025 promises to be much different from pharmacy in 1993. And we cannot predict with certainty what those differences will be. Therefore, it is up to each individual to trudge the path of life-long learning in order to be ready for 2025 when it arrives.

But it is comforting to know that in 2025 we will have this copy of the Terra Mariae, assembled with so much care by this year's staff, that we can use to rekindle the memories of the School of Pharmacy, way back in the olden days of 1993!

David A. Knapp, Ph.D.
Dean, School of Pharmacy

STANLEY "STAN" CONSTANTINE ALEXION — I can't believe it's finally over! Does this mean I have to get a job? HECTOR T. AYU — B.Sc. (Hon) Microbiology, M.B.A. — The race is not always to the swift nor the battle to the strong but time and chance happeneth to them all. As you leave to serve your life's mission, I hope you've enjoyed my jokes, unlimited questions and my lavished smiles. And whether we shall see again I know not. If we do meet again we shall smile. If not, then this parting was well made. Please depart not from your God and above all use your knowledge to make this world a better place for future generations. You'll all be on my mind. Cheers. 1993

CENTER FOR THE STUDY OF PHARMACY AND THERAPEUTICS FOR THE ELDERLY

The Center for the Study of Pharmacy and Therapeutics for the Elderly serves as the focal point of all geriatric education, service, and research activities within the school. It provides continuing education programs on both state and national levels. Funding from federal and private sources allows the center to encourage and support relevant research by faculty and graduate students from all school departments. The center is administratively responsible for the Elder-Health Program, the Parke-Davis Center for the Education of Elderly and the Maryland Caregiver Program.

The Parke-Davis Center for the Education of Elderly develops educational materials for use by the Elder Health and Elder-Ed programs. The Elder-Health Program trains pharmacy students and retired pharmacists in the social and psychological aspects of drug use among the elderly as well as the therapeutic goals of treatment for prescribed and over-the-counter medications. They then give presentations for community groups of elderly.

EDITORS' NOTE

When we first entered Pharmacy School, a door was opened to us. Behind this door was a multitude of new experiences, friendships, and emotions. Although not all of the above-mentioned could be included in this yearbook, we hope that you will enjoy reflecting upon the events and faces that were captured in this edition.

We would now like to take this opportunity to thank all those who helped to make this yearbook possible: **Jacquelyn Lucy,** *our advisor, for her ideas and assistance;* **Yuni Cha,** *for her guidance and, not to mention, the Senior pages;* **Barbara Brannan,** *assistant editor, for her input and public relations responsibilities; the photographers,* **Eric Speaks, Brian Toth,** *and* **Joe Scalese,** *for all the pictures they supplied to us; and, of course, the* **Terra Mariae** *staff,* **Christina, Jung, Abigail, Thom, Melaine, Letitia,** *and* **Jeanelle,** *for helping us with the layouts. We could not have done it without all of you!*

Sincerely,

Janice Wong
